

St Mary's 11am Survey

Generally, how do you feel about the different style of service (as it's been over the past six weeks)?

How do you feel about having one Bible reading (rather than three)?

How do you like having a screen, rather than service/hymn books?

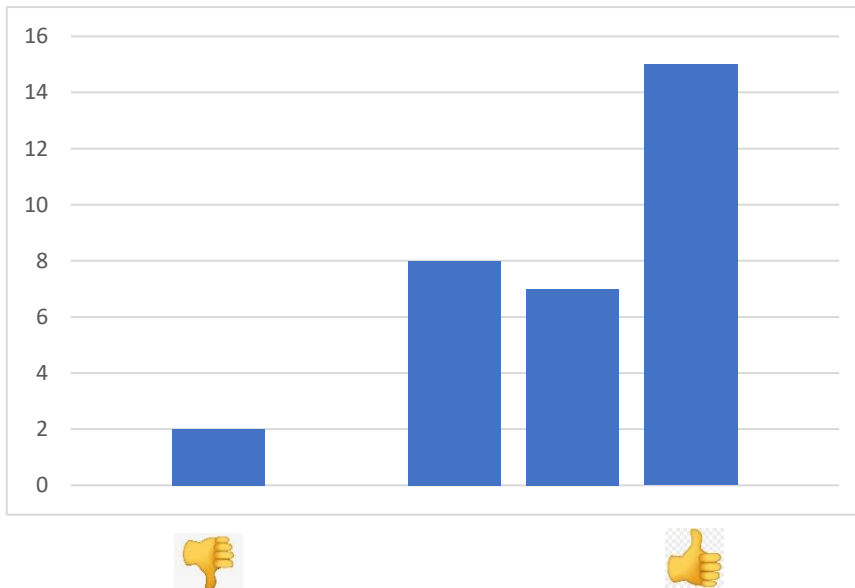

How do you feel about sometimes following a theme or teaching series? (As we did 9th Oct—6th Nov).

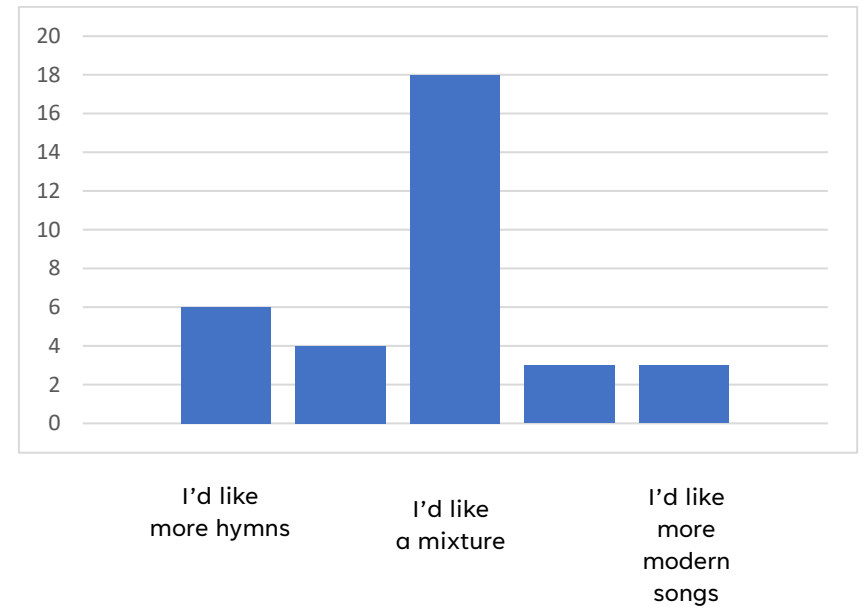

How do you feel about the informality of the service? (Such as Ministers without robes and less words for us to say together)?

How do you feel about having refreshments before the service?

We introduced some modern songs of worship alongside our more traditional hymns. What are your thoughts on the music during our service?

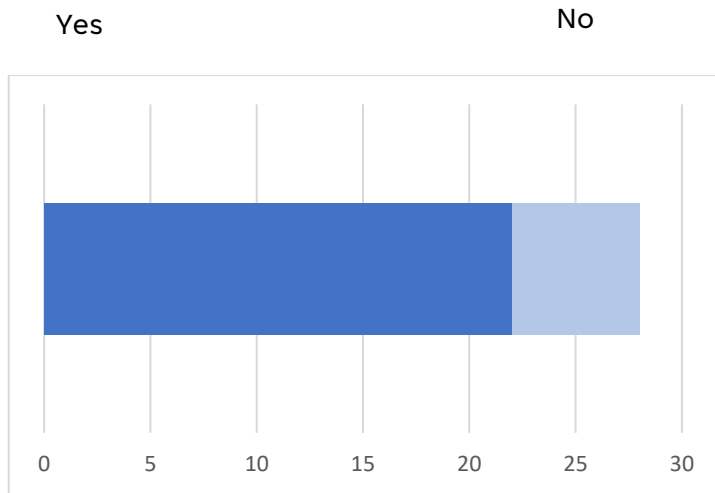

Generally, how have you felt as you've left the 11am service at St Mary's?

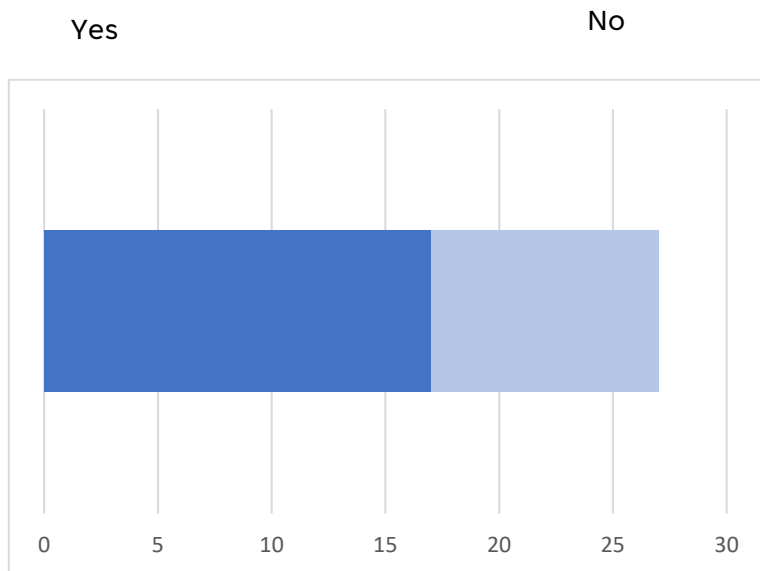

If we were to occasionally have another service at St Mary's (outside the 11am), would you be interested in coming to either of the following?

A more traditional service? (e.g. Evensong)

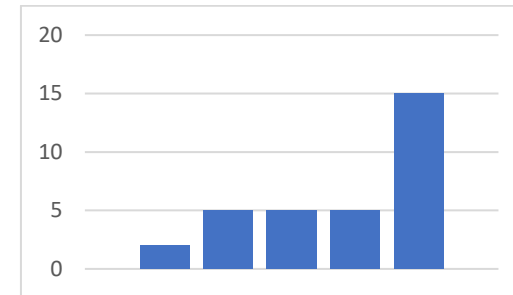

A service which included extended periods of worship and prayer ministry?

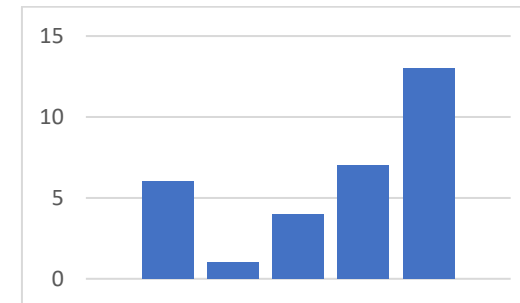

How do you feel the 11am service as it was...

Helped you to spiritually connect with God and grow in relationship with God?

Helped you to understand the Christian faith - what we believe and what it means to us today?

Left you feeling uplifted and spiritually refreshed for a new week ahead?
